# **EU-India Financing Investment in Clean Energy Platform (FICEP)**

---

Launch FICEP

# Objectives of FICEP

- ❑ The EU-India Financing Investment in Clean Energy Platform (FICEP) is one of the activities implementing the 2016 EU-India Clean Energy and Climate Partnership
- ❑ The objective of the FICEP is **to encourage investments in the field of energy efficiency and renewable energy systems** in India and the EU.
- ❑ It is expected to act as a **catalyst for investments** and is intended to inform and connect various actors in the energy sector, including initiators and innovators, **project promoters and entrepreneurs, project developers and the European and Indian financing community.**
- ❑ In the first Phase, FICEP focused on two areas – **Decentralized Renewable Energy** (off-grid and on-grid) and **Energy Efficiency in buildings** and industries. Two additional focus areas will be **Offshore Wind** and **Green Hydrogen.**
- ❑ FICEP has an IT component, supporting all its objectives.
- ❑ We mapped investments from the EU in the climate and energy sector in India.

## Financing Investment in Clean Energy Platform (FICEP)

The objective of the FICEP platform under the EU-India Clean Energy and Climate Partnership is to encourage investment in the clean energy transition in India and EU. FICEP aims at acting as a catalyst for investments and is intended to inform and connect various actors in the energy sector, including initiators and innovators, project promoters and entrepreneurs, project developers and the European and Indian financing community.

### Connecting the EU and India

Find the basic information on policies, programmes and actors in the clean energy transition in the EU and India.

### FICEP Resources

Tools/manuals/business models and other documents relevant for financing the clean energy transition.

### Success stories

Examples of successful investments.

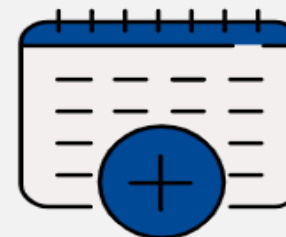

### FICEP Community

Facilitate contacts and match making between various actors, from EU and India.

### Investment Monitoring

Information on the investments made by the EU in the clean energy transition and general market information.

### FICEP Events

Information about workshops / meetings / webinars / trainings relevant for the clean energy transition.

# Thank You

A project implemented by  
PricewaterhouseCoopers Private Limited, in  
collaboration with NIRAS and  
EUROCHAMBRES
